09/2021

Coding Bootcamp

WORK HISTORY

J - Salesperson

Foreign Cargo, CT • 03/2020 - Current

My first job is really simple. As a sale person I just help my owner calculate the costs and write the receipt to the customers. Beside that I organized all the things in the store at the beginning of the day that I have worked. I always feel grateful for all the things that my boss has helped me out, and I have learned a lot from him.

Davis - Cashier

Davis IGA, CT • 07/2020 - 02/2021

My second part time job is a cashier. Sometime I help my coworkers do other things beside standing as a cashier like organizing new stuff, help them put thing on the shelf, cleaning.. I have had a great time working with my coworkers here.
